Article number: 55.1311HR3RL

Export pallet / chemical pallet - 1300 x 1100 mm - with 3 skids - open pallet deck - without rims - standard regrind - black

Product specifications

External (LxWxH)	1300 × 1100 × 165 mm
Dynamic load capacity	1500 kg
Material	Standard regenerate
Article number	55.1311HR3RL
Weight (kg)	22 kg
Temperature range	-20°C to 40°C
Color	Black
Static load capacity	5000 kg
Load capacity in racks	1200

Features

- **Plastic pallet type 1311HR3, size 1300 x 1100 x H 160 mm**
- **Our 1311HR3 pallet is the plastic alternative to the CP7 chemical pallet**
- **Supplied with 3 longitudinal skids - for export and various in-house applications**
- **Much lighter than the wooden equivalent, with an attractive price-to-performance ratio**
- **For in-house applications with roller conveyors etc., where pallets are transferred, we recommend a 5- or 6-runner version**
- **Load capacity: static 5000 kg - dynamic 1500 kg - racking 1200 kg**
- **Produced from standard regrind**
- **Does not absorb moisture and does not develop mould**
- **Efficient, trouble-free pallet for export applications - in line with IPPC guidelines and compliant with ISPM 15**
- **No treatment against unwanted insects or other pests is required**
- **Options: version with 5 skids - version with 6 skids - version with a closed pallet deck**

Description

Our plastic pallet type 1311HR3 with 3 skids is the plastic alternative to the CP7 chemical pallet (1300 x 1100 mm). For export applications, a 3-skid version is often chosen, as well as for various in-house applications. As an option, a version with 5 or 6 skids is available.
