## Description

White 2" plastic screw plug with rubber sealing ring. The screw plug with external thread is mounted in plastic pallet boxes type BIG BOX or MaxiLog - on the short side. The screw plug sits recessed within the outlet provision. After mounting, the plug remains within the box contour and therefore does not protrude.

**When ordered, this screw plug is mounted in the pallet box ordered with it - on the short side; we then provide the outlet provision and cut the thread.**
