Description

Ballot box from the SOLID LINE

Plastic ballot box with hinged lid and two snap-slide closures; in Euronorm format (600 x 400 x H 439 mm - 86 liter). Finished in a neutral grey colour and part of our SOLID LINE - a modern stacking bin range with rounded corners and minimal ribbing. The ballot box is lockable and an insertion slot is integrated into the lid.

Applications

The ballot box is primarily used by government institutions to collect ballot papers. In addition, staff associations and boards also use ballot boxes for voting. Ballot boxes are also used as suggestion boxes, for timesheets and for doctor's prescriptions or other medical forms. In all cases, confidential data is being collected. That is why the ballot boxes are lockable and sometimes fitted with a hinged flap.

Product details

Thanks to the standardised dimensions (600 x 400 mm), the ballot boxes can be stacked with all other Euronorm stacking bins - with or without a lid. The ballot box is food-safe, has a hygienic design and is fitted with two suitcase handles for optimal volume utilisation and optimal protection of the contents. Designed with a reinforced base. The ballot box is equipped with a single lock cylinder lock and can only be opened with the supplied keys. The insertion slot in the lid measures 217 x 27 mm (l x w).
