Description

Mobile plastic pallet box type BIG BOX with a hinged lid. Food-grade pallet box on 3 runners, fitted with smooth-running swivel castors with rubber tread. A mobile version is particularly efficient and convenient because you are not dependent on internal handling equipment. The lid helps protect goods against contamination, rain and, if required, unwanted attention. Because the box is liquid-tight and food-grade, it is widely used in the food sector. In short: flexible, smooth and fast - using a mobile BIG BOX as a practical aid for all tasks.
