Load capacity (kg) 20

Quantity per pallet 72

Lidded bins are also stackable with lid

Lidded bins have a removable, hinged lid

Stacking bin with hinged lid and 2 snap-slide locks

Description

Stacking bin with lid in Euro norm size 400 x 300 mm. The lid container is composed of a stacking container and a white hinged lid with two snap-slide closures. In the open position, the hinged lid is removable. Completely closed container with a smooth bottom and closed handles. Due to the standardized dimensions, the lid container can be stacked with other Euro containers, with or without a lid. The lid container is made of food-grade plastic. The snap closures ensure a secure seal of the lid container, and it can be easily opened as well. We supply foam interiors, seals, and label holders as accessories for the lid containers.
