Lidded bins have a removable, hinged lid

Stacking bin with hinged lid and 2 snap-slide locks

Description

Stacking bin with lid measuring 600 x 400 x H190 mm is a Euro norm stacking crate equipped with a yellow hinged lid featuring snap-lock closures. The lid container has a smooth, closed bottom and sealed side walls. The plastic lid is removable when in the open position. The two snap-lock closures make it easy to open the lid. The lockable lid prevents the cargo from getting lost, damaged, or contaminated during transportation. Due to its standardized dimensions, the lid container can be stacked with other Euro containers, both with and without lids. Additionally, the lid container can be perfectly combined without space loss with standardized pallets, bases, and roll containers. We provide foam interiors, seals, and label holders as accessories for the lid containers.
