Features

Behälter mit Deckel sind auch stapelbar mit Deckel.

Behälter mit Deckel haben einen abnehmbaren, scharnierenden Deckel.

Stapelbarer Behälter mit scharnierendem Deckel und 2 Schnappverschlüssen.

Description

Stacking bin with lid in Euro format 600 x 400 mm. The container consists of a stackable bin, an orange hinged lid, and two zipper closures. The lidded container is fully closed, including the handles. The bottom features reinforced ribs, making the lidded container particularly suitable for applications with heavy loads. Due to the Euro format, the lidded container can be perfectly combined with all other Euro containers, as well as standardized pallets, mobile racks, and roll containers. Additionally, the container is also stackable even with the lid. The zipper closures ensure a secure closure of the lidded container and easy opening. The lockable lid prevents the load from getting lost, damaged, or contaminated during transport.
