Quantity per pallet	28

## Features

Lidded bins are also stackable with lid

Lidded bins have a removable, hinged lid

The lidded bin is provided with an extra strong diamond-pattern base

Stacking bin with hinged lid and 2 snap-slide locks

## Description

Black stacking bin with lid with hinged lid in Euro standard format 600 x 400 mm. Made of food-safe plastic. The lid container is composed of a stacking container, blue hinged lid, and two snap-slide fasteners. The lid container has a closed bottom with reinforced construction, making it suitable for heavier loads. The hinged lid is removable when in the open position. The container is also stackable with the lid. Due to its standardized dimensions, the lid container can be stacked with all other Euro standard stacking containers. Additionally, the lid container fits perfectly and without space loss on standardized pallets, roll containers, and mobile bases. We supply foam interiors, seals, and label holders as accessories for the lid containers.
