Product specifications

External (LxWxH)	600 × 400 × 439 mm
Internal (LxWxH)	553 × 353 × 406 mm
Max. stacking load (kg)	250 kg
Capacity	86 litre
Color	Black-grey
Handles	Closed
Sidewalls	Closed
Material	PPC
Article number	30.642.DB.10.1
Weight (kg)	4,2 kg
Temperature range	-20°C to +50°C, briefly up to +90°C
Bottom	Closed, reinforced
Load capacity (kg)	40
Quantity per pallet	20
Stacking height (mm)	423

Features

- **Modern lidded bin in Combicolor design. Dimensions: 600 x 400 x H 439 mm (including lid)**
- **Combicolor lidded bins make “colour coding” possible: each application or department is assigned its own colour combination**
- **The bin is black and the lid is grey**
- **The lid is hinged and fitted with two snap-slide closures**
- **The closures snap shut when the lid is closed. To open, the lid is unlocked by sliding the closures outwards**
- **When open, the lid is removable (if designed without hinge reinforcements)**
- **Lidded bins can be stacked with each other - with or without lid**
- **Fully closed design - both walls and base**
- **With closed handgrips - for optimal volume use and protection against dust etc.**
- **The base is reinforced**
- **The lid has a particularly striking colour that contrasts with the bin**
- **Widely used in applications where distinction is important**
- **Food-safe and hygienically designed**
- **Options: printing - hinge reinforcements - foam sheet in the lid**

Description

Lidded bin in Combicolor design

Plastic lidded bin in Euronorm format (600 x 400 x H 439 mm). Combicolor design: composed of a black stacking bin and a grey hinged lid with two snap-slide closures.

Applications

Combicolor lidded bins make “colour coding” possible, with each application or department assigned its own colour combination. This is easy to achieve thanks to the striking colour of the lid. Even when stacked, the lid is easy to distinguish thanks to its contrasting colour. Colour coding prevents unwanted mixing of stacking bins, helping to prevent cross-contamination, for example. In addition, striking colour combinations can be used very effectively to emphasise a product or the owner’s corporate identity. Image, or appearance, plays the main role here.

Product details

Due to its standardised dimensions (600 x 400 mm), the lidded bin can be stacked with all other Euronorm stacking bins (with or without lid) and is perfectly compatible with standardised pallets, mobile plastic trolleys or roll containers.

The stacking bin with lid is food-safe, has a hygienic design and is fitted with two closed handgrips - for optimal use of the bin’s volume and to protect the contents as effectively as possible against external influences. Designed with a reinforced base (underside).
