Features

- **Modern lidded bin in Combicolor design. Dimensions: 600 x 400 x H 439 mm (including lid)**
- **Combicolor lidded bins make “colour coding” possible: each application or department is assigned its own colour combination**
- **The bin is black and the lid is orange**
- **The lid is hinged and fitted with two snap-slide closures**
- **The closures snap shut when the lid is closed. To open, the lid is unlocked by sliding the closures outwards**
- **When open, the lid is removable (if designed without hinge reinforcements)**
- **Lidded bins can be stacked with each other - with or without lid**
- **Fully closed design - both walls and base**
- **With closed handgrips - for optimal volume use and protection against dust etc.**
- **The base is reinforced**
- **The lid has a particularly striking colour that contrasts with the bin**
- **Widely used in applications where distinction is important**
- **Food-safe and hygienically designed**
- **Options: printing - hinge reinforcements - foam sheet in the lid**

Description

Black stacking bin with lid with hinged lid in Euro norm format 600 x 400 mm. Made of food-grade plastic. The lid container is composed of a stacking container, orange hinged lid, and two snap-slide fasteners. The lid container has a closed bottom with reinforced construction, making it suitable for heavier loads. The hinged lid is removable when in the open position. The container can also be stacked with the lid. Due to its standardized dimensions, the lid container can be stacked with all other Euro norm stacking containers. Additionally, the lid container fits perfectly and without loss of space on standardized pallets, roll containers, and mobile bases. We supply foam interiors, seals, and label holders as accessories for the lid containers.
