Euro pallet H1-R - 1200 x 800 mm - made from standard regrind - with 7 mm rims - 3 pallet skids, welded underside - black

Product specifications

External (LxWxH)	1200 × 800 × 160 mm
Dynamic load capacity	1250 kg
Color	Black
Material	Standard regenerate
Article number	83102217TP
Weight (kg)	18 kg
Temperature range	-10°C, briefly up to +90°C
Static load capacity	5000 kg
Edge height	7 mm
Load capacity in racks	800
Quantity per pallet	15

Features

- **H1 pallet variant made from standard regrind - a mix of PE and PP**
- **Equipped with 3 longitudinal pallet skids**
- **Underside of the skids is welded - therefore completely smooth and closed**
- **Pallet deck fitted with 7 mm raised rims all around**
- **Suitable for use with packed food products**
- **Racking load capacity up to 800 kg**
- **Marking, logos and numbering on request; position to be agreed**
- **Options: Pallet lid / pallet cover - fit-on rims - pallet wedges - QR codes and barcodes - RFID transponders**

Description

Euro pallet type H1-R (1200 x 800 x H 160 mm) made from standard regrind material. This is a budget version of the H1 pallet, using a material mix of PE and PP. As a result, it does not achieve the same product properties as an H1 version made from ECO regranulate. However, for various industrial applications this pallet variant can be perfectly sufficient. The design and construction of this H1-R pallet are identical - and that design has proven itself thoroughly.
