| Material | PP |
| Article number | 35.FB.43/32 |
| Weight (kg) | 2,3 kg |
| Color | Grey |
| Bottom | Closed, smooth |

Features

The intelligent 'easy-lock' system of the SOLID LINE folding boxes allows for easy unlocking of the walls.

After unlocking, both short sides are folded inward first, followed by folding the long sides.

With a folding height of only 100 mm (95 mm when stacked), the SOLID LINE folding boxes are highly space-efficient when empty.

SOLID LINE folding boxes feature comfortable open handles on the short sides.

SOLID LINE folding boxes are stackable, both when folded and unfolded.

The folding boxes can be easily equipped with two hinged, interlocking lid halves. These can also be retrofitted (see "Accessories").

SOLID LINE folding boxes are stackable with the lid, both when folded and unfolded.

The lid of the SOLID LINE can be sealed.
