Features

- **The waste container is fitted with four galvanised swivel castors, two with brakes.**
- **With plastic wheel rim and rubber Ø 200 mm tread.**
- **The four-wheeled waste container is suitable for emptying with the dustcart.**

Description

The blue 4-wheel plastic waste container (1370 x 1128 x H 1330 mm – 1100 litres) is equipped with four hot-dip galvanized swivel castors, two of which are fitted with wheel brakes. The container features a flat hinged lid and is certified in accordance with EN 840. The smooth inner walls of the blue waste container prevent dirt and waste from adhering to the surface. Both the container body and the wheel mounting points are additionally reinforced, making the container exceptionally durable and resistant to heavy loads. This blue 4-wheel plastic waste container is suitable for emptying by all types of refuse collection vehicles equipped with a lifting system compliant with DIN EN 840. Our 4-wheel waste containers are of high quality and are used successfully and to the complete satisfaction of customers in a wide range of commercial and industrial applications.
