Description

The glass basket 50.NKG.121.125155.20F consists of a gray base basket with a blue 5x5 compartment division and a top edge with compartment division - maximum glass diameter Ø90mm.
The glass basket with dimensions 500 x 500 has an inner height of 150 mm. Glasses with a height of up to 150 mm can fit in this basket. Thanks to the open basket construction, washing water and drying air have very good access to glassware and porcelain. The dishwasher baskets thus achieve an optimal washing result and a faster drying process. The bottom is additionally reinforced, allowing the basket to rotate in a basket transport machine with transport hooks. Transoplast's glass basket is exceptionally durable and has the best references in the market.
