Article number: 30.115.4x6.U Printing possible

Glass crate 600 x 400 mm - for 24 glasses - max. height 125 mm / max. Ø 85 mm - with lower compartment division - grey

Product specifications

External (LxWxH)	600 × 400 × 154 mm
Internal (LxWxH)	568 × 368 × 140 mm
Capacity	29.3 litre
Color	Grey
Handles	Open (four openings)
Sidewalls	Perforated
Material	HDPE
Article number	30.115.4x6.U
Weight (kg)	1,77 kg
Temperature range	-30°C to +40°C, briefly up to +90°C
Bottom	Perforated, reinforced
European Article Number	7424902266235
Maximum glass height	125
Maximum Ø glass	85
Quantity per pallet	60
Stacking height (mm)	143

Features

- The dimensions of the glass determine the choice of crate and compartment division: measure the height and diameter at the widest point
- Plastic glass crate from the BASIC LINE. Dimensions 600 x 400 x H 154 mm
- Fitted with a lower compartment division 4 x 6 - for 24 glasses or cups
- Maximum glass height: 125 mm - maximum Ø 85 mm
- The crate is fully perforated - both the walls and the base
- Large perforations ensure optimal access for rinse water and drying air
- Suitable for storage, transport and cleaning of glassware and tableware
- The compartment division protects against scratches and breakage
- Glass crates are stackable with other Euronorm bins such as plate crates and cutlery bins
- Options: loose-fit lid - printing (short side) - coversheets

Description

Please note - before ordering!

The dimensions of the glass determine the choice of crate and compartment division. Measure the exact height of the glass and the diameter at the widest point.

Plastic glass crate in **Euronorm format** (600 x 400 x H 154 mm). Finished in **grey** and part of the successful **BASIC LINE**. The glass crate is suitable for **24 glasses** or items of tableware with a maximum **height of 125 mm** and a **maximum Ø of 85 mm**. The glass crate is highly suitable for efficient storage and safe transport of glassware and tableware. In addition, the crate is used in suitable dishwashers to clean glassware. **One crate** therefore for **storage, transport and cleaning**.

Thanks to the **standardised dimensions** (600 x 400 mm), the stacking bin is **stackable with all other Euronorm stacking bins** (including plate crates or cutlery bins) and **perfectly compatible** with **standardised pallets** and **mobile plastic trolleys** or **roll containers**. This ensures efficient logistics **without loss of space**.

Application

The glass crate is fitted with a 24-compartment division in the lower part of the bin. The crate therefore offers 24 individual spaces for glasses and, for example, cups. The tableware does not touch, meaning it is optimally **protected against scratches and breakage** during cleaning, storage and transport. Thanks to the coarsely perforated side walls and base, **rinse water** and **drying air** can **easily reach** the contents of the crate. After cleaning in the glass crate, the glassware is therefore completely clean.

The BASIC LINE is mainly used by rental companies, in the hospitality sector and by catering companies. Associations and company canteens are also satisfied users of this product line.
