Product specifications

External (LxWxH)	600 × 400 × 198 mm
Internal (LxWxH)	568 × 368 × 183 mm
Capacity	28.3 litre
Color	Grey
Handles	Open (four openings)
Sidewalls	Perforated
Material	HDPE
Article number	30.120.3x4.UO
Weight (kg)	2,5 kg
Temperature range	-30°C to +40°C, briefly up to +90°C
Bottom	Perforated, reinforced
European Article Number	7424909955972
Maximum glass height	169
Maximum Ø glass	116
Quantity per pallet	44
Stacking height (mm)	187

Features

- **The dimensions of the glass determine the choice of crate and compartment division: measure the height and diameter at the widest point**
- **Plastic glass crate from the BASIC LINE. Dimensions 600 x 400 x H 198 mm**
- **Fitted with a double compartment division 3 x 4 - for 12 glasses or cups**
- **Maximum glass height: 169 mm - maximum Ø 116 mm**
- **The crate is fully perforated - both the walls and the base**
- **Large perforations ensure optimal access for rinse water and drying air**
- **Suitable for storage, transport and cleaning of glassware and tableware**
- **The compartment division protects against scratches and breakage**
- **The glass crates are stackable with other Euronorm bins such as plate crates and cutlery bins**
- **BASIC LINE glass crates are optimally used in combination with standardised mobile plastic trolleys, roll containers and pallets**
- **Options: loose-fit lid - printing (short side) - coversheets**

Description

Please note - before ordering!

The dimensions of the glass determine the choice of crate and compartment division. Measure the exact height of the glass and the diameter at the widest point.

Plastic glass crate in **Euronorm format** (600 x 400 x H 198 mm). Finished in **grey** and part of the successful **BASIC LINE**. The glass crate is suitable for **12 glasses** or items of tableware with a maximum **height of 169 mm** and a **maximum Ø of 116 mm**. The glass crate is highly suitable for efficient storage and safe transport of glassware and tableware. In addition, the crate is used in suitable dishwashers to clean glassware. **One crate** therefore for **storage, transport and cleaning**.

Thanks to the **standardised dimensions** (600 x 400 mm), the stacking bin is **stackable with all other Euronorm stacking bins** (including plate crates or cutlery bins) and **perfectly compatible** with **standardised pallets** and **mobile plastic trolleys** or **roll containers**. This ensures efficient logistics **without loss of space**.

Application

The glass crate is fitted with a 12-compartment division, both in the upper part of the bin and at the bottom. The crate therefore offers 12 individual spaces for glasses and, for example, cups. The tableware does not touch, meaning it is optimally **protected against scratches and breakage** during cleaning, storage and transport. Thanks to the coarsely perforated side walls and base, **rinse water** and **drying air** can **easily reach** the contents of the crate. After cleaning in the glass crate, the glassware is therefore completely clean.

The BASIC LINE is mainly used by rental companies, in the hospitality sector and by catering companies. Associations and company canteens are also satisfied users of this product line.
