Hygiene crate - 460 x 330 x H 200 mm - AZ crate

Product specifications Features

External (LxWxH) 460 x 330 x 200 mm

Internal (LxWxH) 375 x 285 x 195 mm

Capacity 30 litre

Color White

Handles Closed

Sidewalls Closed

Material PP

Article number 68.1100.1001

Weight (kg) 1,25 kg

Temperature range -25°C to +70°C

Bottom Closed, smooth

Dimensions: 460 x 330 x H 200 mm

Capacity: 30 liters

Color options: natural white

Fully closed design

Smooth bottom

Widely used in special applications in the food and pharmaceutical sectors

Description

The stackable container, measuring 460 x 330 x H 200 mm with a capacity of 30 liters, is available in natural white or gray. This container is designed in a fully closed configuration with a smooth bottom. Its compact size and closed construction make it ideal for special applications in both the food and pharmaceutical sectors.

This stackable container is designed with hygiene and efficiency in mind, making it widely used in environments where strict standards apply to the storage and transport of products. The closed design protects the contents from dust, dirt, and potential contaminants, while the smooth bottom allows for easy stacking and cleaning.

Thanks to its versatility and reliability, this stackable container has become an essential part of daily operations in the food and pharmaceutical industries. Whether storing ingredients, transporting medicines, or organizing small parts, this stackable container provides a safe and efficient solution for various applications.
