- All lidded bins with case handle are stackable with lid

Description

Plastic case measuring 400 x 300 mm with a height of 190 mm. The case is stackable with other Euronorm cases and stackable containers. Due to its standardized dimensions, the case can be perfectly combined with a standardized pallet, roll container, or mobile base. The case is composed of a stackable container with a hinged lid and two snap-slide closures. This ensures a secure closure during transport, allowing the cargo to be transported safely and dust-free. We supply seals and label holders as accessories with the cases.
