Plastic trolley (610 x 410 x 200 mm) - blue

Product specifications Features

External (LxWxH)	610 × 410 × 200 mm
Dynamic load capacity	300 kg
Color	Blue
Material	HDPE
Article number	52.TR6040.4.H
Weight (kg)	7,11 kg

- **Bottom frame with ribs.**
- **Wheels with stable four-point plate fitting.**
- **Also suitable for different sizes of buckets, boxes, etc.**

Description

Make the transport and storage of bins and boxes easier and more efficient with this robust mobile plastic trolley from Transoplast. Measuring 610 x 410 x H200?mm, this trolley is ideal for both professional warehouse use and industrial applications. It is designed to safely transport Euro-standard bins and crates of 600 x 400?mm or two 400 x 300?mm bins, while the grid frame also allows non-standard sizes and other loads to be placed and moved with ease.

The trolley comes standard with four galvanized swivel castors of 100?mm with a non-marking rubber tread, ensuring smooth and safe maneuvering even on slippery floors. This makes it perfect for intensive use in warehouses, production areas, hospitality, and other professional environments where efficient transport of heavy or bulky items is essential

Thanks to the trolley's high load capacity, bins, boxes, drums, and buckets can be moved effortlessly. The sturdy plastic frame, combined with the grid design, provides optimal stability and support, while the lightweight construction makes it easy to maneuver without physical strain.

This mobile trolley is a versatile and durable solution for organizations looking to streamline their logistics processes. Its Euro-standard compatibility and flexible grid frame allow it to be integrated into almost any storage setup, making it a practical and reliable tool for daily use.
