Description

Fully enclosed stacking container in Euro-standard dimensions of 1000 x 400 mm. This robust stacking container is equipped with two closed shell handles. The container has a capacity of 67 litres and a height of 214 mm, including the reinforced base. This large-capacity container can be perfectly combined with standard ISO pallets; exactly three stacking containers fit side by side on an industrial pallet measuring 1200 x 1000 mm. This ensures efficient use of pallet space during storage and transport.
