# Stacking bin - 300 x 200 x H 118 mm - red (smooth base)

## Product specifications

External (LxWxH)	300 x 200 x 118 mm
Internal (LxWxH)	266 x 166 x 115 mm
Max. stacking load (kg)	100 kg
Capacity	5 liter
Handles	Closed
Sidewalls	Closed
Material	PP
Article number	30.312.GDH.4
Weight (kg)	0,42 kg
Temperature range	-20°C to +80°C
Color	Red
Bottom	Closed, smooth
European Article Number	7424902122159
Colorcode	RAL 3020
Load capacity (kg)	5
Quantity per pallet	272

## Features

Compact size

Hygienic & easy to clean

Robust & stackable up to 100?kg

Temperature resistant (-20?°C to +80?°C)

Euro-standard compatible & versatile

## Description

This red stackable bin 30 x 20 x H12?cm is designed for professionals in warehousing, logistics, hospitality, industry, and retail, where reliability and organization are essential. Its compact size makes it ideal for storing small parts, cutlery, tools, and inventory. Thanks to its Euro-standard design, it fits seamlessly into standardized storage systems and logistics workflows.

With a capacity of 5 liters, this stackable bin provides ample space for various applications without taking up unnecessary room. The smooth, closed bottom makes cleaning easy and ensures hygienic storage, even for food products. The sturdy sidewalls and integrated handles provide safe and comfortable handling. Its temperature resistance from -20?°C to +80?°C allows use in almost any environment, while the high-quality polypropylene ensures both durability and a long service life.

This stackable bin can hold up to 100?kg when stacked, making optimal use of your storage space. Whether you work in logistics, production, warehouse management, or hospitality, this bin always provides a clear and hygienic solution. Its compact size and closed walls make it ideal for food-safe use, while its robust construction ensures reliable performance, even with intensive daily use. The bin is versatile and can be combined with accessories such as hinged lids, label holders, or stands to further optimize your storage process. The Euro-standard format guarantees compatibility with nearly all standardized storage systems, making this stackable bin a durable and practical investment for any professional environment.

In short, this red Euro-standard stackable bin from Transoplast is functional, hygienic, robust, and system-friendly. It is the ideal choice for anyone looking for a compact, reliable, and versatile storage solution that will last for years.
