Max. stacking load (kg) 150 kg

Capacity 16 liter

Handles Closed

Sidewalls Closed

Material PP

Article number 30.418.GDH.1

Weight (kg) 0,95 kg

Temperature range -20°C to +80°C

Color Grey

Bottom Closed, smooth

Colorcode RAL 7040

Max. plate diameter 155

Load capacity (kg) 15

Quantity per pallet 96

The stacking bin is provided with a smooth base

Description

Euro-standard stacking container measuring 400 x 300 x H175 mm. The container is fully enclosed, including the closed handles. It is manufactured from food-grade plastic, making it particularly suitable for use in the food industry. The container is also ideal as a plate storage container for the event and rental industry, as it accommodates plates with a diameter of up to 155 mm. Thanks to the integrated handles on the short sides, the container is easy to handle. Due to its Euro-standard dimensions, the container can be efficiently combined with other Euro-standard stacking containers. It is also fully compatible with standardized pallets, roll containers, and dollies.
