Quantity per pallet	16

Features

Stacking bin is enlarged and suitable for coffee machines

Description

Plastic stacking crate in Euro standard size for a coffee maker with accessories (600 x 400 x H 510 mm) from the SOLID LINE. The plastic stacking crate is composed of two parts that are assembled together. The whole is completed with a hinged lid with snap-lock closures. The Euro standard stacking crate is a particularly efficient storage container for delicate equipment. It is successfully used, especially in event catering and rental sectors.

On request, this XL-stacking bin can be equipped with plastic partitions to safely center the coffee machine. Furthermore, extra dividers may be placed for the accessories.
