Description

Lidded bin from the SOLID LINE

Plastic stacking bin with **hinged lid** and two **snap-slide closures**; in Euronorm format (400 x 300 x H 133 mm - 11 liter). Finished in **blue** and part of our **SOLID LINE**.

Application

These bins from the SOLID LINE series are highly suitable for use as promotional gifts. The lidded bins in **case version** in particular are often used as **outer packaging for promotional gifts**, with contents that can vary widely. For small parts, additional **insert bins** are often used in combination with a **foam sheet** in the lid - so that the contents remain neatly separated.

Product details

Thanks to the **standardised dimensions** (400 x 300 mm), the lidded bin is **stackable with all other Euronorm stacking bins** and **perfectly compatible** with standardised pallets and mobile plastic trolleys or roll containers.

The lidded bin is food-safe, has a **hygienic design** and is fitted with two **closed handgrips** for optimal volume utilisation and to optimally protect the contents from external influences. Designed with a smooth, **easy-to-clean base** underside.
