Quantity per pallet	44

Features

Food-safe bread crate / stacking crate

Ideal for bakeries

Equipped with reinforced side walls and bottom

Features coarse perforated walls

Has four open handles

Description

Plastic stacking crate in Euro-standard size 600 x 400 mm with a height of 198 mm, including a reinforced base. Extremely sturdy stacking crate with coarse perforated side walls and base. Equipped with four open handles. The base is additionally reinforced, resulting in virtually no deformation, even under heavy loads and extreme conditions. This robust stacking crate is suitable for a wide range of applications and offers all the features required for trouble-free use in the (industrial) food industry, textile industry, catering sector, and bakeries. The food-grade plastic stacking crate has a strong and durable construction. Thanks to its Euro-standard dimensions, the stacking crate is perfectly compatible with standardized stacking containers, crates, pallets, roll containers, and mobile dollies.
