## Description

Orange plastic stacking crate in Euro-standard size 600 x 400 mm with a height of 224 mm, including a reinforced base. Extremely sturdy stacking crate with coarse perforated side walls and base. Equipped with four open handles. The base is additionally reinforced, resulting in virtually no deflection, even under heavy loads and extreme conditions. This robust stacking crate is suitable for a wide range of applications and possesses all the characteristics required for trouble-free use in (industrial) food-processing environments, the textile industry, catering operations, and bakeries. The food-grade plastic stacking crate features a strong and durable construction. Thanks to its Euro-standard dimensions, the stacking crate is perfectly compatible with standardized stacking bins, crates, pallets, roll containers, and mobile dollies.
