Quantity per pallet	300

External dimensions: 400 x 188 x H 80 mm

Capacity: approx. 6 liters

Closed bottom and sidewalls for protection against dust and debris

Compatible with up to 6 internal dividers

Made from robust and impact-resistant polypropylene (PP)

Ideal for professional use in warehouses, workshops, or shelving cabinets

Modular system compatible with various sizes and accessories

Description

The 400 x 188 x H 80 mm plastic storage bin is designed for efficient use in industrial and logistics environments where organization and quick access to small items are essential. Thanks to its compact dimensions, the bin fits neatly into narrow shelves or metal racks. The closed bottom and solid sidewalls protect the contents from dust and dirt.

A key feature of this model is its compatibility with up to 6 dividers, allowing you to easily create multiple compartments within one bin, ideal for separating screws, nuts, bolts, or electronic components. Made from durable polypropylene (PP), the bin withstands daily use in professional settings.

This bin is part of a modular system and can be combined with other sizes and accessories, such as labels or dividers, for efficient and professional storage.
